Dear Valued Customers and Friends:

We are proud to present our 54<sup>th</sup> Anniversary Catalog. We appreciate your continued patronage and also welcome you if you are a first time customer. This expanded edition catalog is the largest S & S Firearms has ever produced with over 200 pages full of parts, firearms, clothing, equipment, insignia and items of historical interest.

S & S Firearms was founded in 1957 by Edward P. Siess and his wife, Mary Ann, as an outlet to supply collectors, re-enactors and historians with mail order service for U.S. military items. Mary Ann and son, Phil, are now continuing the business with help from Phil's brother, Ed; wife, Adrienne; and son, Philip.

As a family operated business we have developed long standing business relationships, of which many have grown into friendships. Mary Ann and Adrienne are usually answering the phones and offer a personal touch, gladly assisting you with your order.

It has been said by many that our catalog is useful as a reference guide in addition to being a source for items of the highest quality, both original and reproduction. The 54<sup>th</sup> Anniversary Edition now includes an expanded Shooting Accessory section, reorganized Gun Parts section, and more new items than ever before. We feel this offers a comprehensive source for your needs in the interesting scope of Military Americana – be it for skirmishing, re-enacting, history or collecting.

We attend the Baltimore Arms Collector's Show each March, and both North-South Skirmish Association National shoots at Fort Shenandoah, Winchester, Virginia, in May and October. Meeting and greeting our valued mail order customers personally is always a great pleasure. A small showroom is maintained at the above address and we welcome you to visit.

As mentioned earlier it is a pleasure to serve you, and we look forward to many more years of doing the same.

Sincerely,

*Mary Ann Siess*

## UNCATALOGED ITEMS

Please note we have listed only items that we have in sufficient quantity. We do have many "single" items and parts that are unlisted. All we ask is for a S.A.S.E. and on a separate sheet of paper a brief but specific request. We will respond to your request on items available, or will hold your request until we can supply it. All this is without obligation for you to purchase.

## **NATIONAL RIFLE ASSOCIATION**

Since 1871 the NRA has worked to educate hunters, reform restrictive gun laws, and strengthen the criminal justice system. The NRA also promotes the effective wildlife management and conservation policies. Along with sanctioning about 12,000 shooting tournaments each year they also help run the National Matches at Camp Perry. Please consider joining this worthwhile organization, Their member benefits are too numerous to list here. Ask for a membership application and we will gladly provide it with your order or call the NRA toll fee at 1-800-NRA 3888.

## **NORTH-SOUTH SKIRMISH ASSOCIATION**

If you are one of the millions of Americans with an interest in Civil War or blackpowder shooting, the North-South Skirmish Association is for you. Ft. Shenandoah, the Association's home range, is located on several hundred acres of land in the rolling hills of the lower Shenandoah Valley just outside of Winchester, Va. The shooting competition in the N-SSA is done with live ammunition at both paper targets for individual score and at various breakable targets with 5 or 8 man team events. Matches are with musket, carbines, repeating rifles, revolvers, cannon and mortar. The N-SSA is comprised of regional divisions that host their own skirmishes. Twice a year, once in May and again in October, Ft. Shenandoah is host to the Association's National Skirmish. For further information visit [www.n-ssa.org](http://www.n-ssa.org)

## **UNCATALOGED ITEMS**

Please note we have listed only items that we have in sufficient quantity. We do have many "single" items and parts that are unlisted. All we ask is for a S.A.S.E. and on a separate sheet of paper a brief but specific request. We will respond to your request on items available, or will hold your request until we can supply it. All this is without obligation for you to purchase.

## ***NATIONAL RIFLE ASSOCIATION***

Since 1871 the NRA has worked to educate hunters, reform restrictive gun laws, and strengthen the criminal justice system. The NRA also promotes the effective wildlife management and conservation policies. Along with sanctioning about 12,000 shooting tournaments each year they also help run the National Matches at Camp Perry. Please consider joining this worthwhile organization, Their member benefits are too numerous to list here. Ask for a membership application and we will gladly provide it with your order or call the NRA toll fee at 1-800-NRA 3888.

## NORTH-SOUTH SKIRMISH ASSOCIATION

If you are one of the millions of Americans with an interest in Civil War or blackpowder shooting, the North-South Skirmish Association is for you. Ft. Shenandoah, the Association's home range, is located on several hundred acres of land in the rolling hills of the lower Shenandoah Valley just outside of Winchester, Va. The shooting competition in the N-SSA is done with live ammunition at both paper targets for individual score and at various breakable targets with 5 or 8 man team events. Matches are with musket, carbines, repeating rifles, revolvers, cannon and mortar. The N-SSA is comprised of regional divisions that host their own skirmishes. Twice a year, once in May and again in October, Ft. Shenandoah is host to the Association's National Skirmish. For further information visit [www.n-ssa.org](http://www.n-ssa.org)

### ***SPENCER CONVERSION BLOCK***

**103A**

**194**

S&S FIREARMS proudly offers the following finest quality reproduction parts for the Spencer Rifle and Carbine. Parts are manufactured to insure perfect fit when utilized in the original firearm. The breechblock is machined from a solid billet of steel. BREECH BLOCK IS N-SSA APPROVED.

SP176 CENTER FIRE UPPER BREECH BLOCK. Complete. Used for conversion to center fire. Perfect for skirmisher and re-enactor ..... 170.00

NOTE: The CENTER FIRE CONVERSION BREECH BLOCK will fit 95% of all military Spencer and Burnside contract carbines and rifles without any alteration. If fitting is required, it is a minor job for a competent gunsmith. The breech block requires NO alteration to gun, simply remove original rim fire block by taking out two screws, install center fire block (a complete self contained assembly), and replace screws. The .50-70 government case, when altered, can be utilized in all military calibers and models of this arm. **Use of center fire cartridge follower (SP103A) is recommended with this conversion.**
